MINING SUPERINTENDENT—GEO. ROBINSON, Esq.

This Company has been formed for the purpose of developing and working several extensive and valuable seams of Anthracite Coal lately discovered in Queen Charlotte Island.

At present this is the only mine of pure Anthracite Coal known to exist on the Pacific Coast, and from the large and increasing quantity required and shipped to San Francisco and other ports the discovery is one of great importance and value.

The Company have had reserved to them by the Government Twenty Thousand Acres for mining purposes, five thousand of which is secured (at present) by lease at the nominal rent of $100 per annum, with the additional privilege o purchasing 1000 acres at $1 per acre for a town site.

The coal seams, from three to seven feet in thickness, are situated on the South of Graham Island, Queen Charlotte group, about 2000 yards from the shores of a fine Bay and about 400 feet above the level of the sea. the construction of an easy and inexpensive tramway about one mile in length, together with a wharf of about 150 feet projection are all the works the Company will require to enable them to offer coal in the markets.

The quality of the coal has been fairly tested. The engineers of several of the steamers have pronounced it to be of the very best quality; it has also been used by the proprietors of the foundries in the city of Victoria whose reports are annexed, and declared by them to be equal if not superior to the best Pennsylvania Anthracite Coal

The great advantage of the position of the mine cannot be brought too prominently to the notice of intending Shareholders, its close proximity to the coast, together with its superior quality renders it of great value; also an easy access for vessels of any tonnage, a safe and commodious harbor perfectly sheltered and land locked with secure and good anchorage, will enable vessels at all seasons and weather to load at the Company's wharf.

There is a large demand for anthracite coal to supply foundries, steamers, &c., &c., in San Francisco, Portland, Victoria and other ports, all of which has to be shipped from the Eastern States or from Europe at a great expense, the selling price ranging according to quality from $16 to $25 in some markets in others higher; the trade to Panama and along the Pacific coast will be considerable. An extensive trade will also be open with China and Japan. The naval stations of England, United States of America, France and Russia, must necessarily consume a large quantity.

Of the 15,000 shares forming the Capital Stock of the Company 7,500 are classed A (original shares) paid up to £1, and liable to additional call of £1	£7,500 0 0

The Works, of which the above are an estimate, are in active operation, the Company having engaged and sent forward to the mine a number of skilled workmen who are under the direction of George Robinson, Esq., for many years Superintendent of the Nanaimo Coal Mines, and it is confidently hoped that by the month of April, 1866, the mine will be fully opened, and the Company prepared to supply Coal at their wharf.

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M.'s Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M.D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne except in sealed bottles, having the words, "Dr. J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d. and 4s. 6d. ja24 1yw

SECURED BY

HOLLOWAY'S PILLS.

Impurities of the Blood.

In selecting the most appropriate medicine for a particular ailment, there may be some difficulty unless one can be found to purify, regulate, and improve the quality of the blood. These Pills possess and exert these three qualifications in an extraordinary degree. They enable the stomach to digest any ordinary food, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and throw into the circulation the purest elements for sustaining and repairing the frame.

Weakness and Debility.

How many persons suffer from debility without knowing the causes why they are feeble! In most cases the stomach is the aggressor. Holloway's Pills have long been famed for regulating a disordered stomach, and restoring its healthy digestive tone; they are therefore confidently recommended as a never-failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Diseases of the Head and Heart.

These formidable diseases are, unfortunately of frequent occurence; for the most part they creep on gradually, but may be prevented by proper precautions. Holloway's Pills are the surest perservatives against all derangements of the brain and are the speediest correctors of irregular circulation. If they be taken without delay when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvelous.

Females of all Ages and Classes.

The fame of these Pills is partly based upon the beneficial effects they have upon the constitutions of females. From the domestic servant to the peeress, universal favour is accorded to them for their invigorating and purifying properties, which render them so safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical period—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach and Bowels.

Whenever the stomach, liver, or bowels are disordered by high living, climate, over-indulgence, undue exertion or other causes, these fine regulating Pills will soon rectify the evil, and speedily bring back energy, strength, and cheerfulness to the frame where previously all was lassitude, gloom, and dejection.

Despondency, Low Spirits.

The misery occasioned by a disordered digestion is unfortunately, felt by most. These famous Pills should be taken in appropriate doses, to adjust the disturbed functions. They dispel headache, biliousness, nausea, lowness of spirits, and all similar ailments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience.

Influenza, Diptheria, Bronchitis, Coughs and Colds,

In our changeable climate, few persons escape without colds, sore throats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body generally, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflamation, and restore lasting soundness.

Holloway's Pills are the best remedy known in the World for the following diseases:—

Ague	Debility	Inflammation	Secondary Symptoms
Asthma	Dropsy	Jaundice	Tic-Douloureux
Bilious Complaints	Dysentery	Liver Complaints	Tumours
Blotches on the Skin	Erysipelas	Lumbago	Ulcers

THE "CHRONICLE" AND THE UNION PETITION.

The union petition which met with the unanimous sanction of the recent public meeting will, in all probability, be presented to the House of Assembly to day. It will be the largest petition ever introduced into the Legislature. Yesterday it numbered between eight and nine hundred signatures, and to-day it is expected there will be considerably over a thousand. This speaks more forcibly than anything we can say. It shows how unanimous is the public feeling on this political question, and how impotent was the opposition of our morning contemporary against the action of the recent public meeting. The people were told by the *Chronicle* in the most anxious tones and in the most desperate language that the thing was a "swindle," and they have responded to the warning by endorsing the "swindle" with their signatures. Our contemporary ought to learn even at this eleventh hour that the public of Vancouver Island are capable of thinking for themselves, and much better able to form opinions on matters affecting the general interest than the few shallow-pated scribblers who insult the intelligence of the community in the columns of the *Chronicle*. To impute every unworthy motive to public men who are arduously working for the public good, and to denounce every project for benefitting the country as a "swindle" or a "dodge," or a "humbug," may be a very good principle on which to build a sensation newspaper; but Victorian intellect and Victorian taste have not yet degenerated to the level of the vulgarities of the New York *Herald*, and our contemporary will find that a little attention to decency, uprightness and propriety is an indispensable requisite to popular and influential journalism on Vancouver Island. The treatment it has recently received at the hands of the people—the determined rebukes it has met with on all sides, in the Legislature, in the public meeting, and on the public streets, all show how helpless and pitiable a journal becomes when it identifies itself with the enemies of the country, and leaves the well-defined path of justice and integrity.

THE COUNCIL AND THE HOMESTEAD BILL.

If there is anything which shows more forcibly than another the necessity of a change in our constitution that will allow the public to have a proper control of their own interests, it is the antagonistic attitude assumed by the Legislative Council to almost every measure which the public demand. The history of last session is enough to make every man who pays a tax set down his foot firmly and refuse to contribute another farthing to the Government of the country until every measure which the people have asked for shall have been engrafted on the statute book. It is morally impossible to get anything but fogyism out of our Upper House We see it in almost every debate. We have either the antediluvian ideas which prevail among the most narrow-minded of the Conservative class in the mother country, or we have the slip-slop crudities of a childlike inexperience. Yesterday's debate on the Homestead Bill shows these qualities stronger, probably than anything that has recently taken place. We have the Chief Justice enunciating sentiments about debtor and creditor that certainly belong to an age far in the remote past, and we have the Treasurer talking infinitely more foolish than the smallest boy in the Central School. The Attorney General we will do him the justice to say, showed a much better appreciation of the subject. He pointed out the reverses of fortune that must necessarily occur in new countries like Vancouver Island, and defended the debtors who had so far taken the benefit of the bankruptcy laws of the colony. He saw no fraud when a man gave notice to the public that he reserved a certain portion of his property. The fears expressed by some of the speakers that men would run away from other countries with $2500, and invest in a homestead, were rather amusing. We will not discuss the question whether the morality of the country would be injured to a greater extent than its material wealth would be increased by this influx of men with $2500, but considering that we are almost virtually surrounded by countries possessing Homestead laws of their own, it is rather a good joke to suppose that citizens of these countries will run away to obtain the same benefits in other lands which they can possess in their own. The question at issue in the Homestead Bill is shirked by nearly every speaker on the subject, and it is this:—Does it open out any greater avenues for fraud than exist at the present time? We have shown before that a person lends money on some tangible security or merely on men's honor. If he lends it on the former, the Homestead measure cannot effect him, for the homestead is no security; and if on the latter, the debtor can leave the colony at any moment, and make another among our long list of skedaddlers. So far, therefore, the Homestead law could not increase in the slightest degree the present facilities for fraud. On the other hand, it would tend to bring us up another step in competition with our American neighbors. It would tend to induce settlement. It is one of the necessities of our position to keep up in liberal enactments with the adjacent countries. We can no more hope to settle up the colony with old country ideas than we can suspend the laws of gravitation. Our helpless condition to-day is simply the effect of short sighted foolish men holding the legislative power. Let another year or two pass over with the same ignorant repudiation of laws that are filling up the American territory, and the only industry in the country will be the labors of the beaver.

MAPS OF THE BIG BEND COUNTRY—Mr J. Robertson Stewart has kindly shown us two maps showing the routes to Big Bend. The one is prepared by A. C. Anderson, Esq., from fragments framed by himself in travelling between Boat Encampment and Colville, and conveys a clear and, we should say, very correct idea of the water and land travel to the new mines from the Oregon side. The tracing gives the whole of the Upper Columbia as far as Tete Jaune Pass and Jasper House on the Eastern side of the Rocky Mountains. It also shows the position of "Riviere aux Castors," now called Gold Creek, flowing into the Columbia from the Kootenais Spur or Selkirk Range, and whose tributaries, French and other creeks, have been found to contain such promising diggings. The map is on a scale of ten miles to the inch. The approximate position of the head of Shuswap Lake and Ogden City, with the trail across the divide, is also given, which enables all to see at a glance which is the proper road to travel. The other map is the Southern half of the Government map now being lithographed in New Westminster, and which when completed will not only be the most authentic outline of the valleys of the Fraser and Columbia yet published, but as a work of art will reflect considerable credit on those charged with its preparation.

ROUGH AND TUMBLE FIGHT—Yesterday, a man named Higgins and that redoubtable character Liverpool Jack had an encounter in Oriental Alley—cause unknown. After a genuine rough and tumble fight, in which the rules of the P. R. were entirely discarded, and the belligerents confined themselves to making efforts to gouge out each other's eyes, to pull out hair by the roots, or otherwise inflict cowardly and brutal injuries, Higgins gave in, although his opponent seemed to have suffered most in the conflict. Both parties were covered with blood.

THE CONCERT—Great preparations are being made for the coming entertainment in the Theatre, for the benefit of the Mechanic's Institute. The songs and instrumental pieces will call out some of our favorite amateurs and professionals, and from what we can learn the trial scene from Pickwick will be ably rendered. It will be rehearsed this evening at 8 o'clock.

ROBBERY.—On Sunday, about 3:30 p. m., the cabin of a man living near Gowen's Brewery was entered by the window during the temporary absence of the owner and about $350 worth of property was taken, including $50 in money. The thief, after breaking open several trunks, ransacked them, but abstracted only the most valuable articles.

DAVIS CLAIM.—Mr. Alexander Jack, the popular foreman of the above company, yesterday purchased one-fourth of an interest in this claim for $1700. This purchase would show the extent of the faith entertained by Mr. Jack, who is an experienced Australian miner, in the wealth of Cariboo.

BLACKFOOT—We have been favored with a highly interesting letter written from this far off region to a brother miner now in Victoria, which gives the best description of that country we have yet seen. We purpose publishing the letter to-morrow.

NEW IDEA—There was a good attendance last night at this Hall, and the performances were all good and well received. To-night, with the usual singing and dancing, will be given "The school in an uproar," and "An Irish Corrobboree."

CHITTENDEN CLAIM.—A shareholder in this claim was yesterday gratified by receiving a dividend of $84 from this claim, on Lowhee Creek. He had not the remotest idea that the claim was at present being worked, much less that it was paying over expenses.

UNION PETITIONS are being circulated for signature, and have already been signed by over 800 persons. The late Mayor himself procured between 300 and 400 signatures on Saturday.

MONS. B. DEFFIS wishes to state that having as many pupils as he can attend to properly during the season, he much regrets that he will be under the necessity of refusing further applications for lessons. He would at the same time take the opportunity of recommending to parties desirous of obtaining instruction in the French language, Mons. Victor Lange, as an efficient teacher. *

GO TO THE EUREKA CONCERT ROOM, the most popular, fashionable and attractive place of resort in town, where in addition to the most attractive talent, the proprietors have engaged several efficient waitresses.—Music and singing commences every evening at nine o'clock.—Glover & Co., proprietors. *

TERPSICHOREAN.—Mrs. Digby Palmer holds her dancing classes at the Germania Sing Verein Hall, Royal Exchange Buildings, Government street every Wednesday and Saturday evening from 8 until 11 o'clock. Terms $5 per month.

CAUTION TO MINERS GOING TO BIG BEND.—No one should start for these mines without being quite sure that his teeth are in good order. F. W. Cave, Dentist, Trounce Alley, opposite the COLONIST office, is still practising his profession at English prices. *

PRINCE OF WALES.—Oxford Hats, received per "Dominga" from Townend & Co., London,—A fine invoice of the above very stylish and fashionable Hats.—ADAMS, Pioneer Hatter, Government street and Trounce alley. *

A PLEA FOR ORPHANAGE—The claims of orphans are paramount. The nurture of a human soul is a sacred responsibility devolving upon society, irrespective of nationality or religious creed. In the absence of parental protectorship, the pilotless waif and stray of suffering humanity, drifting hither and thither upon the surging billows of the ocean of life, needs timely succor in the hour of unavoidable disaster. The struggle for bare existence is invested with strange temptations; hunger and the chill blasts of winter are stern despots, and many a brave-hearted youthful wayfarer succumbs to their inexorable exactions. The most rigid economists dare not murmur in contributing their quota towards the support of helpless childhood. It is the bounden duty of mankind to cherish the hapless offspring of misfortune, or perchance of crime, and by divine teachings to guide them in the path leading to the embodiment of the immortal precepts of Virtue and Truth. It must be borne in mind that the youth of to-day become the manhood of to-morrow; hence the charity of the present generation confers a boon on posterity. We, therefore, hope that the lecture by Father Bouchard, which will be delivered to-morrow evening on behalf of the only Orphan Asylum in this colony, will be a pecuniary success. The funds of this institution—so requisite in a new country—are sadly restricted, and apart from any theological difference of opinion, this appeal to the public should command the hearty co-operation of all classes in the community.

CITY COUNCIL.—This body met last evening. Present—His Worship the Mayor, and Councillors Gowen, Jeffery sen'r, Layzell, Hebbard, and Jeffery jr. A communication was received from Mr. R. H. Austen, informing the Council that the sidewalks on Humboldt street would be laid down on the arrival of some lumber expected from the Sound. Ordered to be received and filed. Mr. M. Reynolds renewed his application for a sum of $210 due to the firm of Matthew Bray & Reynolds for contract work. The communication was ordered to be received. The chairman of the committee for amending the rules of order obtained further time for his report. Mr Layzell drew the attention of the Council to the dangerous condition of certain sidewalks in town. There was one place in particular in front of a blacksmith shop on Johnson street, nearly opposite Pattrick's, where a plank was out and a gentleman had, in consequence, been severely hurt. A mere trifle would mend it, and he hoped the owner or agent of the property would accept of the notice through the press. There were also places on Fort street where he had given personal notice, but nothing had yet been done. Had the Council funds, he would like to see public notice given to repair sidewalks. After some remarks from Mr. Gowen, it was agreed that the Committee on Street Nuisances should notify the Clerk of the contraventions of the by-law, and furnish the names of the owners of the property in order that they might be summoned before the Mayor.

TOO BAD—The S. F. *Call* thus alludes to the death in that city of the unfortunate man Edmond Dillon, who it will be remembered became deranged and in a crazy fit fired at Seeley and Manuel at the Australian House: If the Victorians have adopted the practice, as would appear, of transporting their paupers and insane to this city, they had better amend it at once. San Francisco has as much as it can do to provide for the poor and unfortunate who are legitimate objects of her care, and can well afford to do without importations from Victoria or any other town.

DEATH OF A NOTED ACTRESS.—The Salt Lake *Vedette* mentions the recent death of Mrs. Gibson, late leading actress at the Salt Lake Theatre. Mrs. Gibson was an exceedingly graceful and pleasing artiste, whose personations in the varied range of the drama delighted crowded audiences here for seasons past. Her industry and ambition, as an actress, acquired for her an enviable esteem, as well as affected her proficiency in polite roles. Deceased was formerly an actress in Manchester, England, and known as Miss Lydia Hazle.—*S. F. Paper.*

NOTICE TO AMATEURS.—A communication having been received by the Secretary of the Amateur Dramatic Association, soliciting on behalf of the officers and members of the V. V. R. Corps the assistance of the Amateurs at an entertainment to be given at the Theatre, on the 26th inst., the Secretary requests that the members of the Association and other amateur performers will meet at the Boomerang this afternoon at 4 o'clock precisely, to discuss the proposition and to determine what action shall be taken thereon.

CAUTION TO TRAVELLERS—Last evening, about half-past six o'clock, as a gentleman was approaching Victoria on the Esquimalt road two shots in quick succession were fired, he believes at him, from the bushes just beyond the second bridge. He distinctly saw the flash of the first shot, and drew up for a moment, when the second discharge immediately followed, the shot seeming to pass quite close to his face.

DEBATING CLASS.—The following recitations and readings were given at the Institute last evening with much interest.—The Spanish Champion—recitation by Beaumond; Speech of Lord Chatham on the American War—recitation by Hutchison; Regulus to the Roman Senate—recitation by Lombard; Jackdaw of Rheims—reading by Little; Toby Tosspot—recitation by Wilson; Extract from a Speech of Burke—reading by Pidwell.

MORE FRENCH TROOPS—Eight hundred Franco-Mexican and two hundred French troops, with one hundred and twenty horses, arrived at Mazatlan during the second week in December last, as additions to the Imperial forces already in the Department of Sinaloa. The new troops are said to be well armed and disciplined, and are under the immediate command of General Carlos Rivas.

WRECK OF A SLOOP—The sloop Lady Franklin arrived last night from San Juan Island. The master reports having passed after dusk the wreck of a small sloop near Trial Island. She appeared to be at anchor and partly under water, the sea making a breach over her. She has a green deck house. Her mast and bowsprit were gone.

COUNT OUT.—There was a count-out at the House of Assembly yesterday, only the Speaker and Messrs. Duncan and Dennes being present. Messrs. DeCosmos and M'Clure arrived just as the count out had taken place.

STAGING IN THE MOUNTAINS—The roads between Colfax and Dutch Flat are impassable for any kind of vehicles. Passengers from Colfax over the mountains take horses at the former place, while their baggage is transported by pack-mules.

THE SING VEREIN SOIREE will take place to-morrow evening. We learn that there will be a large attendance, and a good time is expected.

BACHELOR'S BALL—Another of these entertainments is on the *tapis*, and will probably come off on Friday week.

FOR NEW WESTMINSTER—The steamer Enterprise will leave this morning at eight o'clock for Fraser River.

LEGISLATIVE COUNCIL.

MONDAY, Feb. 5th, 1866.

Council met at 2:30 p.m. Present—The Hon. Chief Justice presiding, and Hons. Attorney General, Treasurer, Donald Fraser, H. Rhodes.

THE HAREWOOD EXTENSION BILL.

This bill was read a third time and passed.

HOMESTEAD BILL.

Council in Committee on this bill, Hon. H. Rhodes in the chair.

The Hon. Attorney General intimated that he had been instructed by the Government to prepare a Homestead Bill which would embody the opinion expressed in former debates on this subject, and he should do so.

The Hon. Donald Fraser said he had found the machinery of the bill sent up so defective and so many alterations required, that it was better, like the Irishman's gun, to make a new one. He had, therefore, prepared a new bill, and would like to have the opinion of the Council on some points before going any further. He proceeded to enlarge at length upon the principle and the objects sought to be attained by his bill.

Hon. Chief Justice said it looked as if solvency was not made a condition in the bill, and a man might, therefore, purchase a homestead with his creditor's money in contemplation of bankruptcy, and the law would legalise the fraud.

The Hon. Treasurer said the bill made no provision against fraud.

The Hon. Attorney General said his amendments required a declaration of solvency to be made which, if it were subsequently shown to be false, would be construed as a misdemeanor and would annul the registration. The Council, when the bill was discussed last year, said it would never allow this Colony to be made a refuge for persons from the other side of the Straits or elsewhere coming here for the purpose of investing money that belonged to their creditors in a homestead which the creditors could not touch.

Hons. Colonial Secretary and R. Finlayson here took their seats.

The Hon. Chief Justice saw no good but a great deal of evil that would arise out of this bill. It would be almost invariably the insolvent man who would seek the benefit of the law, and with his creditor's money. He could not conceive a case in which a solvent man would wish to lock up that sum of money. He pointed out the difficulties that creditors would have to encounter in establishing the fact of insolvency at the time of the registration, which would be so great that in 19 cases out of 20 the debtor would creep through. The charitable view of the case was very good, but the Legislature must not be generous with other people's money. The bill would have a pernicious and demoralizing effect. It would cast a class of men broadcast over the land that would make a serious impress on morality and the social condition of the country, destroying the vitality of society. It was a gambling transaction and would be the means of enabling a fraudulent debtor to start into life again and obtain fresh credit at the expense of an honest creditor. He also thought the effect upon the wife and children of enabling them to feel independent of the husband and father would be of a most pernicious character. He concluded by saying that he desired it again to be understood that he had no wish to oppose any measure that the public interests required, but he merely considered it his duty to advise the Council to the best of his judgment, and he certainly looked upon this as a mischievous bill calculated to benefit a fraudulent debtor to the detriment of a *bona fide* creditor.

Hon. Attorney General thought the fraudulent debtor to a great extent a bugbear. It was the exception here; most of those who had been unfortunate had come out of their examinations with great credit. Business was extremely risky here and many a man was ruined without it being his own fault but through the default of others. Labor was high, money dear, and as there were no industrial resources to fall back upon, much depended on the yield of gold mines and other doubtful results which made business to a great extent a matter of luck. He thought the principle of the bill was admitted, that the wife and family should be protected in the general crash. The only doubt was whether it should be a small fixed sum or left to the Court in Bankruptcy to apportion a fair amount. He could moreover see no fraud in it where a man gave notice to the world that he reserved a certain portion of his property to save him from entire prostration. There was no theory or principle that he could see why a man should not limit his liability as joint stock companies did, and the public be told beforehand that a man reserved £500 out of his property, so that he should not be humiliated by being reduced to working as a laborer for hire. He repudiated the idea of a man being looked upon as a rogue because he was in debt. He owed his creditor explanation and discovery, but his liberty as well as his property did not belong to the creditor. He saw no difficulty in discovering that a man was insolvent at the time of the registration.

The Hon. Treasurer made a few remarks against the bill. The commercial capital in this colony was foreign and was in the hands of some dozen merchants, who kept all the retail traders going, and if this bill passed they would withdraw their capital and put a stop to business. He objected to a fee simple to property being granted by the Council to a debtor to the injury of his creditors, and should oppose the bill in all its stages.

On motion of the Hon. Colonial Secretary the committee reported progress, and the Council adjourned till Wednesday, at two, p m.

SUMMARY COURT.

(BEFORE CHIEF JUSTICE NEEDHAM.)

Monday, Feb. 5.

Sharpser v. Gallacer—Goods sold. Judgment for $34 75.

Carswell v. Huskinson—Rent. Judgment for $45.

Gentile v. Sproat and Anderson—Damages claimed $242 50 for non-delivery of photographic apparatus. Judgment for plaintiff for $85. Mr. Green for plaintiff, and Mr. Robertson, instructed by Messrs. Drake and Jackson, for defendants.

Selleck v. Copland—Adjourned till next sitting of court.

Allsop v. Gibbs—$204, rent in arrears.

Gibbs v. Allsop—$50, damages for illegal distress. Mr. Green appeared for Allsop and Mr. Bishop for Gibbs. His Honor nonsuited both parties, as there was a question of title involved.

Pidwell v. Horne—Rent, $60. Defendant pleaded short service. Judgment for plaintiff.

BRIGHAM YOUNG IN THE LIQUOR BUSINESS—In one of Brigham's sermons he said: "The man that sells liquor and thinks to escape damnation fools himself." He has, however, changed his sentiments on this subject, and has determined to save the whole class of liquor vendors from the hard fate by taking the damnation upon himself alone. He has forbidden all to sell, and has opened a bar himself, the only bar in Salt Lake City. He claims and exercises the sole right to sell liquor by wholesale or retail.

AN ENGLISH AMBASSADOR PRISONER.—Cameron, the English ambassador, is still detained as a captive by the Emperor of Abyssinia. His majesty declines to release him upon the ground that Great Britain by her influence in Egypt might have averted the troubles that have arisen between the Viceroy and Theodorus, and threatens now to keep Cameron in durance until Lord Russell has succeeded in preventing Egypt from annoying Abyssinia.

FOR NANAIMO—The steamer Sir James Douglas, Capt. Clarke, will leave for Nanaimo and way ports this morning at eight o'clock. Surveyor General Pearse will proceed in her.

THIRD ANNIVERSARY BALL—The third anniversary ball of the Hebrew ladies of Victoria will be given on Thursday, 22d instant, at the Lyceum.

SIR MORTON PETO ON AMERICAN AFFAIRS.

[CONCLUDED.]

One thing which very much gratified me in my visit to America was my interview with the President. I was with him for some time, and I will say at once that he is a man who, once seen, is never forgotten, for he is one of nature's true nobility—(cheers)—a man who not only has talent and mind, but who, thank God, has a heart. Andrew Johnson was himself a Southerner, and was not very well treated by his countrymen there from his determination to uphold the cause of the Union. But it is well for them that Andrew Johnson knows how to forget and forgive. He has met his brethren of the South in the only way in which they could be met to be conciliatory. He does not make them sacrifice their self-respect in passing them back to his confidence. A man goes to him and says—"I am very sorry for what I have done; I am perfectly willing to take the oath." His reply is—"My friend, you are pardoned." I myself read one of those pardons, and the only condition is this—if the person so pardoned ever possesses a slave or abets slavery that pardon ceases. (Cheers)

I will mention one fact; and as in cases of this kind it is desirable that facts should be verified, I will say that it refers to Colonel Drury, who was one of the foremost men of the South. On the day that Lee surrendered he called together 1,000 slaves and said to them—"You all know that I have done my best to keep you as slaves, but you are now free men. If you will continue to work I will give you as high wages as anyone else. I will put your children to school and do what I can to make you comfortable." I have reason to know that only three out of the 1,000 left Colonel Drury. I came home in the Scotia with one of those estimable men who, like our friend George Thomas—(cheers)—is one of the Society of Friends. He told me that Colonel Drury had informed him that the men had done more work since they had hired to him as workmen than they ever had as slaves. This gentleman to whom I referred as a fellow passenger had been sent on a mission to the South to distribute a sum equal to £15,000 collected by the Society of Friends. This he had done in the most judicious way amongst the freedmen of the South, and I think you will agree with me that it would be well if we of all other religious denominations were to imitate the example of the Society of Friends, and go and do likewise. (Hear.) I think it would be a right, a graceful and a proper thing, if the whole Church, of every denomination—Episcopalians and all others—were to join in doing something in this good work. You recollect what the North did for our starving operatives during the cotton famine. The North wants no help of us, but I think it would only be graceful and right for us now to do the best we can to assist the suffering masses of their lately freed slaves. (Hear)

Let me say now that I have no fear for the South, because it is not handed over to the care of overseers and middlemen as was the case in Jamaica. The owners are themselves brought into contact with their own workmen. Their interest, therefore, bids them treat the workmen fairly. But if they do not, what has the President done? He has appointed a commission of three in each district—one appointed by himself, one elected by the planters, and one elected by the freedmen. To this commission every question of dispute between the owners and their workmen is referred. With regard to wages—cases of such disputes have arisen, and men have received notice from this commission to give their workmen a fair rate of wages, or the government would withdraw such men from their employ. The North have determined, in regard to this matter, that the men who work should be treated fairly, while at the same time they desire to treat employers in the spirit of reconciliation, of fairness, and of equity. I will tell you what one of the first men in New York said to me when he came on board the Scotia to bid me good bye. No man in Bristol does one quarter the business that this gentleman did with the South. I asked how he would get on with his Southern customers. He said—"I have sent for them all to New York and told them that the debts they owed must be paid as soon as they could, and in the mean time their old credit could be reopened on condition that they took off their coats and went to work—and," he added, they are doing so." Now, if such is the case, if the policy of the President and the feeling of the people is working together in this harmonious way, and if at the same time a strong hand is kept on the colored man, and he is made to feel that, while he will be protected in all that is right, but the hand of power will be laid on him if he does that which is wrong, things will not be in America as they are in Jamaica, where we emancipated our slaves and let them take their chance. The slaves are emancipated, but they will be made to understand that they must do their share in the shape of work as well as the rest of the community. (Cheers)

Now, one word with regard to Fenianism. (Cheers and laughter) Now, what does Fenianism in America mean? It means that a number of foolish Irishmen in America having more money than they know what to do with, allow others to pick their pockets. (Hear) An Irishman in America is in a different position from what he is at home. In America he is entirely his own master, and is easily led away by such men as Train—a man of some notoriety here—who lectures and spouts and turns poor Pat's head. When I spoke to my American friends on the subject they said—"You are not foolish enough to attach any importance to this stupid nonsense?" When I came to inquire further I found there was not an Irishman in Congress, either in the House of Representatives or in the Senate, or in any office of trust, who has anything to do with the movement. It is strictly confined to hewers of wood and drawers of water for the American people. It excites their contempt. These poor Fenians are not in a position to do us any injury, and we can afford to show them pity here. (Cheers)

With regard to the question which has agitated men's minds more than any other during the last few months—the correspondence between Earl Russell and Mr. Adams—I shall say at once that I do not believe in the remotest degree that it can ever end in war. (Cheers) The American people have no idea of such a kind. In addressing the Union League at New York I labored hard to show how impossible it was that two such nations, in advance of all other Powers in civilization, possessing the most valuable commerce in the world, of the same race and ancestry, speaking the same language, having the same laws, bound together by the same religious ties—to embue their hands in each other's blood. It would be going back to the days when barbarism ruled, instead of Christianity and civilization.—(Cheers) This question, however, is one of the deepest interest as regards the rights of neutrals and belligerents; and I, as member for one of the great commercial centres, will not let it rest. I say that the course of true statesmanship is to remove it out of the path of the future. (Cheers) Difficult it may be to say who is right and who is wrong: that is not my province, but there are authorities—there is Grotius, there is Puffendorff, there is Wheatstone, there are great constitutional lawyers, who, in the decision of the question would not be biassed by any political feeling. I say the idea of Earl Russell for a commission is an admirable one, but it must be fairly appointed, and competent to judge of the difficult questions submitted to it. But when its verdict is delivered, whether for right or wrong, England must abide by it. (Loud cheers) I know that many would say that the feeling of my countrymen is that we should never be weak enough to pay for the damages done by the Alabama; but in the case of nations, as in the case of individuals, the stronger can afford to do right. If one of your merchants had made a mistake and had the moral courage to make reparation, would you think less of him or think him less worthy of your confidence? (Hear and cheers) It is only the man of small pretensions who cannot afford to do right. England would do justice to the smallest nation on the face of the earth; so she can afford to do it to the most powerful. She cannot afford, now that a question of difference arises, to put her back to the wall, and in a fit of obstinacy say we will not have this question discussed. I must refer for a moment to the close of the last message which Mr. Lincoln ever delivered and it was this—"With malice towards none, with charity for all, firmness in the right as God gives us to see the right, let us strive on to finish the work we are in, to bind up the nation's wounds, and care for him who shall have borne the battle, and for his widow and his orphans. To do all which may achieve and cherish a lasting peace among ourselves and with all nations." I close with that. That is what America wants. I believe that at the present moment, in binding up the wounds of the South, in doing justice to herself, in putting her finances in order, she is most anxious to settle this question on terms of amity and fairness. Slavery being abolished, I feel convinced that two such nations will continue to preserve peace and goodwill to each other and to the world."

HOLLOWAY'S OINTMENT AND PILLS—These potent remedies constitute a *materia medica* in themselves, for there is no internal or external disorder controllable by medicine for which the one or the other of them is not a positive remedy—eruptions, tumors, scrofula, scurvy, cancer, asthma, rheumatism, gout, and dropsy entirely subside and disappear under the action of these joint medicines; and in cases of indigestion, sick headache, bile, liver complaints, debility, and other disorders originating in the internal organs, the Pills produce the most astonishing results imaginable. The student of Nature knows how simple are her ways; if one preparation can throw out all the impurities of the blood, disease is conquered and art is triumphant, because it adopted the simplicity of Nature.

HOLLOWAY'S OINTMENT AND PILLS—Jaundice Disordered Liver. A good free flow of bile is absolutely necessary for digestion; when this secretion is interrupted or depraved, disease immediately sets in, and sallowness or jaundice marks the course to be in the liver. This important organ, so liable to disorder, can always be regulated by Holloway's Ointment and Pills. The former, rubbed on the right side, over the region of the liver, upon which it exercises the most salutary influence, without harassing the stomach or the bowels—a matter frequently of vital importance—confers on this remedy an advantage over every other form of medicine in the pharmacopœia: when assisted by the Pills, every disease is speedily subjected and effectually banished

THIS IS TO CERTIFY THAT FROM some cause or complaint of the head our hair commenced falling out so rapidly that we feared we should lose the whole. In this condition we went to W. D. We make this certificate with pleasure, believing it to be for the public good.

It will also relieve the Headache, and give the hair a darker and glossy color, and the free use of it will keep both the skin and hair in a helathy state. Ladies will find the Invigorator a great addition to toilet, both in consideration of the delicate and agreeable perfume, and the great facility it affords in dressing the hair, which, when moist with it, can be dressed in any required form, so as to preserve its place, whether plain or in curls. HOLLOWAY'S PILLS

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and enewing suspended secretions. Universally adopted as the one grand remedy for female complaints these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions.

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, grace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Billiousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
BilliousComplaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
BowelComplaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness, from what ever cause &c., &c.
Consumption	Head-ache	Sore Throats	
Debility	Indigestion	Stone and Gravel

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 1862

RADWAY'S READY RELIEF.

THE GREAT EXTERNAL AND INTERNAL REMEDY,

STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,

AND

RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.

ITS FIRST INDICATION

Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN

In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhœa, or Flux;
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain, its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. *So swift* is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTH ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS ENLARGED TENDONS, HEADACHE, (Sick or Nervous), ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.

THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water, or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first gave warning of their presence, and if met promptly before they become securely intrenched within the system will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Bilious Cholic, Flux, Yellow, Typhoid and Malarious Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhœa, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

CAUTION.

In all cases ask for Radway's Ready Relief. Take no other. See that the signature of Radway & Co. is on the outside label of each bottle. Every agent is supplied with a new and fresh stock. Price 25 cents per bottle. Sold by Druggists, Merchants and country storekeepers.

HOLLOWAY'S PILLS AND OINTMENT.—Influenza, Colds.—In diseases of the throat and chest, so prevalent in this country, nothing so speedily relieves or so certainly cures as these inestimable remedies. These disorders are too often neglected at the commencement; or are injudiciously treated, resulting in either case, in disastrous consequences. Whatever the condition of the patient, Holloway's medicines will restore, if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature consummates the cure, gradually restoring strength and vital nervous power. By persevering in the use of Holloway's preparations, tone is conferred on the stomach and frame generally; the fluids are regenerated, morbific matter is expelled, and a happy revolution occurs throughout the system.

HOLLOWAY'S OINTMENT.—Wounds, Scalds, Burns, and Irritating Sores.—The peculiarly mild, soothing, anti-inflammatory power exerted by this Ointment strongly recommends its use to all persons who have charge of children. Accidents will occur in the nursery in spite of the greatest caution and utmost vigilance. The scratch, the burn, or the scald, treated early with this Ointment, assumes no angry aspect, and never long tortues the little sufferer, whose very cry excites each bystander's compassion and pierces the parents heart. Every nurse should consider this invaluable Ointment an essential to a well appointed nursery. The Ointment is applicable to any sore, whatever its character. It conducts to health as sure as the compass points to the north.

HOLLOWAY'S OINTMENT AND PILLS.—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure be resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the steady application of this noble Ointment invariably results in a lasting and satisfactory cure. The two medicines act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

HOLLOWAY' OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applicaions of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

HOLLOWAY'S OINTMENT AND PILLS, a certain remedy for diseases of the skin—Ringworm, scurvy, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment and Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, scalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiff joints. These medicines operate mildly and surely. The cure effected by them is not temporary or apparent only, but complete and permanent.

PILES, STRAINING AND TENESMUS,

Are the results of Inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—these imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement or evacuation by their irritation—hence the straining, cramps, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of

HOLLOWAY'S OINTMENT AND PILLS.—The family medical chest that is furnished with these powerful remedies needs nothing more. Indigestion, general debility, liver complaint, eruptions, sores, wounds, ulcers, tumours, &c., are infallibly cured by their use. They purify the blood and give tone and vigour to the whole system. The Ointment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pills be taken as an auxiliary, the cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, without the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

HOLLOWAY'S PILLS.—No family should be without these pills.—Their long-tried efficacy in removing indigestion, stimulating the bowels, and purifying the blood, have secured them imperishable praise throughout the globe. Whatever the disease, a few doses will relieve the more urgent symptoms and thereafter completely control all disordered action, rouse the torpid liver, empty the engorged spleen, cleanse the obstructed kidneys, assimilate the food, improve the blood, and thereby confer on the brain and every function healthful vigour, natural activity, and wholesome regularity. In cases of indigestion, dimness of sight, headache, mental and physical lassitude, these restorative Pills act as a charm. They expel rheumatism and gout, while they infallibly correct female complaints in young and old, delicate and robust.

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S OINTMENT AND PILLS—Acute Rheumatism. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore the free circulation, and expel the disease. In these complaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patient can bear; it is absorbed and directly conveyed to the diseased textures, when, acting on nerves, vessels, and guiders, it will arrest disease and again establish healthy action. The aperient and purifying qualities of the Pills have the happiest effect in assisting the Ointment.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.
